Special Recognition:

Volunteers make the world go around, and we couldn't operate without them. I would like to tell you about a very special volunteer. Suzanne Slavin is a retired school teacher and an absolute gold mine of information and ideas. Last year, shortly after she started working with us, she went with Bob Smither and Dawn Davis on a search in Galt, California. She came back from that search with a greater appreciation for how important our work is in helping families of missing children. Since then she hasn't stopped. She has an outstanding sense of humor and the willingness to step in and get her hands dirty. Suzanne has a true gift when it comes to working with the families of missing children. She listens intently, speaks softly and looks for every opportunity to help a family in need. She is always a teacher and forever a friend. Thanks Suzanne for all that you do.
